I, the undersigned, hereby apply for a permit to erect, alter, construct or enlarge a fence or part thereof herein described. I will comply with all requirements of said fence ordinances of the Village of Hillside. All work covered by this permit is to commence within three months of date of issuance, to be completed within nine months from date of issuance and subject to the required inspections.

If the permit applicant wishes to connect the proposed fence with fences located on adjacent properties, written permission from the neighboring property owner shall be obtained and submitted to the Village with the completed Fence Permit Application. Encroachment on neighboring properties is prohibited.

Fences shall not obstruct access to utility boxes. The finished side of all fences shall face away from the interior of the property so fenced. The fence shall be installed a minimum of 3" inches from all property lines and shall not extend beyond the front building line into the front yard, nor may the fence extend beyond the front of any adjacent principal building.

In the event of drainage problems resulting from the installation of the fence, the Village may require that the bottom of the fence be elevated a maximum of 12" inches above the drainage swale where the fence crosses the swale.

No error or omission in either the plans or application, whether said plans have been approved by the Building Inspector or not, shall permit or relieve the applicant from constructing the work in any other manner than that provided for in the ordinances of the Village of Hillside relating thereto.

NOTE: FOR UTILITY LOCATIONS - PLEASE CALL **J.U.L.I.E.** AT 1-800-892-0123, AT LEAST 48 HOURS IN ADVANCE OF INSTALLATION.
