Village Board Approves Prairie Path-Taft Avenue Corridor Plan

On March 28th, the Hillside Village Board unanimously approved the findings and recommendations of the Prairie Path and Taft Avenue Corridor Plan provided by Chicago Metropolitan Agency for Planning. The plan was a joint engagement between the Village of Berkeley and the Village of Hillside.

Some recommendations found in the plan are: better lighting along the Prairie Path; more native plants and gardens along the Prairie Path; a coffee shop on Taft Avenue that can serve trail users and residents; better sidewalks, nicer signs, awnings, benches, and trees along Taft Avenue; better bike connections to the Metra station; more diverse programming at Berkeley Park and Hillside Commons, and more trees along the Prairie Path.

May 21st Volunteers Needed...

Project UFO Returns After a Two-Year Hiatus

Project UFO is for Hillside residents in search of adventure! Everyone is to meet at the Hillside Commons behind the Village Hall. It is here our environmentally aware hunters will be given their free **UFO** attire and assignments to carry out **Project UFO**, which is short for **Unwanted Foreign Objects**.

This event brings residents together to beautify Hillside as we head into the summer months. Mayor Tamburino believes a clean village instills a sense of community pride, which in turn benefits home resale values, attracts new businesses, and helps reduce crime.

It is a fun time for families, youth sports teams, neighbors, church groups, grade school classes, teens, and senior citizens as they spruce up our Village. The only qualifications to be part of the **Project UFO Team** are a willingness to work, a sense of pride in our community, and not be allergic to smiling.

Gather your friends and family and we will see you May 21st at 10 a.m. behind the Village Hall. Children 7 and under must be accompanied by an adult.

Public Works trucks will take participants to different locations within our Village and return volunteers back to the Commons for a **free lunch** provided by McDonalds.

A Safety Tip from Hillside's EMA Director Tony Faragia

Mulch Fires: What to Know Before Starting Spring Gardening

It's springtime and we made it through another cold winter. The days are growing longer, daffodils are in bloom and many people are gearing up for weekends in the yard. Gardening and landscaping can be rewarding ways to spend some time outdoors this time of year. One of the things I often notice in the spring, but rarely spend much time thinking about, is mulch.

To the very limited extent I consider mulch, I register how it smells when put down. I think it looks nice spread over garden beds and I appreciate its weed-blocking capabilities. But I must admit, when I looked at piles of mulch in the past, I never thought **DANGER!** Maybe I should have.

Landscaping mulch has become the top choice for ground cover at people's homes, offices, and businesses. It is important to take the necessary precautions to prevent mulch from catching on fire to protect people and property from harm.

Mulch poses a very real fire hazard when it is not properly managed and applied. In many mulch fires, the smoldering mulch tunnels under the surface and then breaks out into open flame. Mulch that is piled too deeply, more than a few inches, can build up heat and spontaneously catch fire. Mulch fires start more readily when the weather is hot and it has been dry for an extended time.

Experts believe there are two potential causes of mulch fires. The most widely accepted cause is the improper disposal of smoking materials. Do not expect mulch to erupt in flames at the touch of a discarded cigarette. However, even a small spark can cause mulch to smolder, and heat and fire can spread slowly below the surface of the mulch only to erupt much later, especially on low humidity and high wind conditions. So have fun gardening, but be careful out there.

The Village of **Hillside Emergency Management Agency (EMA)** membership is open to individuals who can devote their free time to assist with man-made or natural emergencies and Village events. Equipment and training will be provided along with uniforms and personal protective equipment that help you perform your duties. Ongoing classes will keep you efficient and current in response techniques.

Once you return the application EMA Director Tony Faragia will contact you. Meetings are held the 1st and 3rd Wednesday of every month from 7:00 p.m. until 9:00 p.m. at the Hillside Emergency Operations Center at 4151 May Street. You are welcome to attend a meeting as a guest. EMA is an equal opportunity organization.

Hillside Memorial Day Service May 30th

On Memorial Day, cemeteries across America are decorated with flags that tell the world, "Here Lies a Veteran"! The day was first observed on May 30, 1868, when flowers were placed on the graves of Union and Confederate soldiers at Arlington National Cemetery.

On August 19, 1990, the Hillside Veterans Memorial on Washington Street was proclaimed a perpetual "Time to Remember" monument honoring those who made the ultimate sacrifice for their country.

Please join us at our **Annual Memorial Day Observance on Monday, May 30th at Noon** at the Veterans Memorial, Hillside Avenue and Washington Street in the Hillside Commons. Join the members of the Broadview/Hillside American Legion Post #626 as we honor and remember those we can thank for our freedom. For more information, please call (708) 449-6450.

A Brief History of **JUNETEENTH**

Our Nation and State's Newest Holiday

In June 2021, Congress passed a resolution establishing Juneteenth as a national holiday; President Biden signed it into law on June 17, 2021. Governor Pritzker, in June of 2021 also signed legislation making Juneteenth a state holiday on which state employees will have a day off and schools will close when it falls on a weekday.

Many people are not quite sure what this holiday signifies, so with the help of the internet, the *Hillside Herald* presents a quick tutorial on this newest holiday.

Juneteenth (short for “June Nineteenth”) marks the day when federal troops arrived in Galveston, Texas in 1865 to take control of the state and ensure that all enslaved people be freed. The troops’ arrival came a full two and a half years after the signing of the Emancipation Proclamation. Juneteenth honors the end to slavery in the United States and is considered the longest-running African American holiday.

Confederate General Robert E. Lee had surrendered at Appomattox Court House two months earlier in Virginia, but slavery had remained relatively unaffected in Texas—until U.S. General Gordon Granger stood on Texas soil and read General Orders No. 3: “The people of Texas are informed that, in accordance with a proclamation from the Executive of the United States, all slaves are free.”

The Emancipation Proclamation issued by President Abraham Lincoln on January 1, 1863, had established that all enslaved people in Confederate states in rebellion against the Union “shall be then, thenceforward, and forever free.”

But the Emancipation Proclamation didn’t instantly free any enslaved people. The proclamation only applied to places under Confederate control and not to slave-holding border states or rebel areas already under Union control. However, as Northern troops advanced into the Confederate South, many enslaved people fled behind Union lines.

In Texas, slavery had continued as the state experienced no large-scale fighting or significant presence of Union troops. Many enslavers from outside the Lone Star State had moved there, as they viewed it as a safe haven to continue the practice of slavery.

After the war ended in the spring of 1865, General Granger’s arrival in Galveston that June signaled freedom for the 250,000 enslaved people of Texas. Although emancipation didn’t happen overnight for everyone—in some cases, enslavers

withheld the information until after harvest season—celebrations broke out among newly freed Black people, and Juneteenth was born. That December, slavery in America was formally abolished with the adoption of the 13th Amendment.

The year following 1865, freedmen in Texas organized the first of what became the annual celebration of “Jubilee Day” on June 19. In the ensuing decades, Juneteenth commemorations featured music, barbecues, prayer services and other activities, and as Black people migrated from Texas to other parts of the country, the Juneteenth tradition spread.

In 1979, Texas became the first state to make Juneteenth an official holiday; several others followed suit over the years.

Hillside Fire Department

Stepping Up for the People of the Ukraine

The Hillside Fire Department ran a weeklong drive from March 18th through March 25th to collect needed items for the Ukrainian people.

On March 27th, the Hillside Fire Department loaded up 47 boxes of donated goods and dropped them off at the **Help Heroes of Ukraine** donation site in Carol Stream. Thank you to all that donated and supported.

Help Ukrainian Heroes is a Charity Organization that was founded in 2022 by leaders of major logistics and transportation companies in the USA. Hillside Library Hires Amy Franco as New Director

The Hillside Library Board voted to hire Amy Franco in January. Franco, who started working on February 14th, succeeds Douglas Losey, who retired last year after roughly a decade in the role.

A Forest Park resident, Amy Franco comes to the Hillside library from the Glen Ellyn Public Library, where she served as the director of the library's Adult Department for about 10 years. Previously, she was an assistant director in the department for roughly four years and prior to that, served as Glen Ellyn's programming librarian for five years.

She has a Bachelor's Degree in Music from the University of Illinois at Urbana-Champaign and a Master's Degree in Information Studies from the University of Texas at Austin. Franco also has a certificate of organizational leadership from the College of DuPage, among other licenses and certifications.

She said her first impressions of the library have centered on the staff. "We have a really engaged staff," Franco said on Thursday. "They are the kind of staff that bends over backwards to serve the community."

Franco, 35, said she'll be working with the library board on a variety of initiatives, including a new strategic plan that is currently in development and a building project that's in the works. "We are looking into a new facility for the library," she said.

Franco said some of her favorite authors include the memoirist Jenny Lawson and the novelist John Steinbeck. "I'm a big audiobook person, so I listen to just about anything that will make me laugh," she said. "Steinbeck is one of my favorite serious authors. I'm also a big news reader, so I'm constantly on my phone making sure I know what's happening — not just in Hillside, but all over the world."

Franco said she envisions an evolving role for libraries during and after the pandemic. "I think there's a renewed interest in libraries right now," she said. "People learned through the pandemic that they need to connect with their friends, families, and neighbors in different ways. Many came to the library to use our video-conferencing software. At my previous library we helped people learn how to download "e-books".

"Libraries are really becoming community hubs," she added. "We're finding really exciting new ways to serve our communities, especially as things are changing and a lot of that will be related to digital and online learning."

Final Thoughts from Mayor Joseph T. Tamburino

Dear Neighbors,

Friday, May 6th, is your last chance to purchase tickets to the *Martin Luther King, Jr. Breakfast*, which will be held the morning of Saturday, May 14th. Every year this breakfast sells out, so please buy your tickets now and be part of an event that honors the legacy of Dr. King. This breakfast also serves as a reminder of the dream he had for an America that provides an equal opportunity for all regardless of the color of their skin or ethnicity.

In light of Dr. King and his hopes for mankind, we cannot avert our eyes to the suffering of everyday Ukrainian citizens. No matter what your opinion is of the Russian invasion, there is no denying the devastating crisis of humanity being played out. There are nearly 5 million refugees who have fled their Ukrainian homeland, and thousands of residents have been killed and countless more wounded. Hillside stands in solidarity with the heroic people of Ukraine. See the story on page 17 in this issue on how our Fire Department collected needed items to donate to the Ukraine cause.

Many reputable organizations are offering relief to the Ukrainian people. Below are a few organizations that need monetary donations to help their relief efforts. None of these, to the best of my knowledge, are using their funding to purchase military equipment, they are only providing humanitarian aid. Please give what you can to one of the following worthy organizations or any charity that is solely dedicated to helping the people of the Ukraine.

- unicefusa.org – Helping to meet urgent needs for safe water, health care, and nutrition
- projecthope.org – Sending medicine, medical supplies, and personnel to the Ukraine
- directrelief.org – Delivering medical supplies
- wck.org – World Central Kitchen bringing food to liberated Ukrainian villages
- icrc.org - Red Cross – Supplies food, fuel, housing support, hygiene items
- savethechildren.org – Bringing humanitarian aid to children
- globalgiving.org – Supporting Ukrainians in need, with a focus on the most vulnerable

And now, some news closer to home... Cook County will be performing major street construction on Wolf Road between Butterfield Road and St. Charles Road. The work will involve milling down the existing pavement and laying a new surface. There will also be new curbs, landscaping, new sidewalks in certain areas, new crosswalk markings, and reconfigured traffic signals. Wolf Road will be reduced to one lane in each direction while the repair work is being performed. I would strongly advise seeking alternative routes, rather than driving on Wolf Road, especially during the morning and afternoon rush hours. Construction will be completed sometime in October.

Finally, I want to welcome Hillside's new Library Director, Amy Franco (see story on page 18). I look forward to working with her as we plan to move the library to the Village Hall complex over the next few years. It will be an exciting time as the library will reconfigure its offerings and services to meet America's ever changing reading habits.

Sincerely,

Mayor Joseph Tamburino
